

## MRO Säätöosa

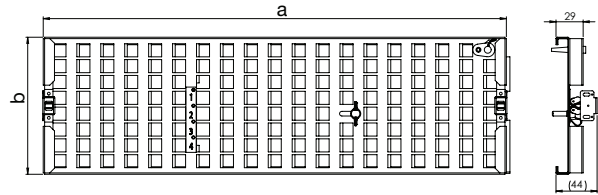

MRO säätöosa tarkkaan ilmamäärän mittaukseen ja säätöön. Säätöosa asennetaan suoraan suorakaidekannavaan kiinnityskehysten avulla.

### Rakenne ja mitat

MRO säätöosa on valmistettu kuumasinkitystä teräslevystä.

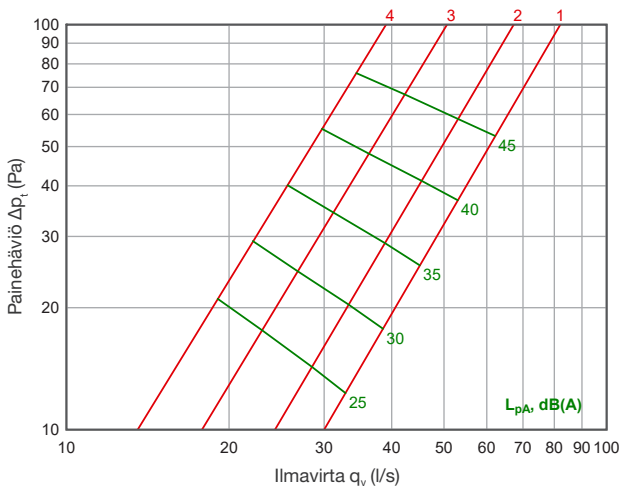

Säätöosa on varustettu pikakiinnikkeillä, joilla se lukkiutuu paikoilleen kiinnityskehykseen ja on tarvittaessa helposti irroitettavissa ulospäin vetämällä.

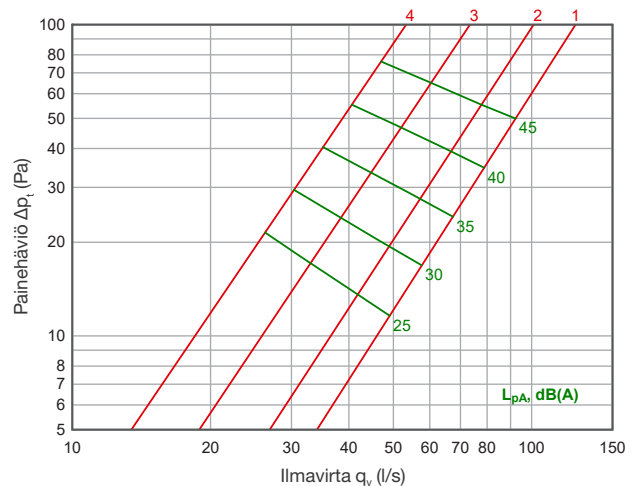

Nimellismitta	A	B
200x100	197	97
200x150	197	147
300x100	297	97
300x150	297	147
300x200	297	197
400x100	397	97
400x150	397	147
400x200	397	197
500x150	497	147
500x200	497	197
600x150	597	147
600x200	597	197
600x300	597	297
800x150	797	147
800x200	797	197
1000x200	997	197
