

TKM M8 Clamp with rubber seal

TKM M8 is a clamp with rubber-sealed ventilation duct installation clamp with M8/M10 nuts and screws.

- M6 cross-head screws to connect the arcs
- Material: galvanized steel sheet (Z275)
- EPDM rubber seal to reduce vibration and noise
- Duct diameters 100-400 mm

Nominal size d (mm)	Material thickness (mm)	Weight (kg)
100	1,5	0,20
125	1,5	0,24
160	1,5	0,28
200	1,5	0,34
250	2,0	0,5
315	2,0	0,7
400	2,0	0,9

Maximum allowed loads

Mööt	R0
100–400	65 kg

Product Marking

TKM M8 - d
