

TKR Wall clamp

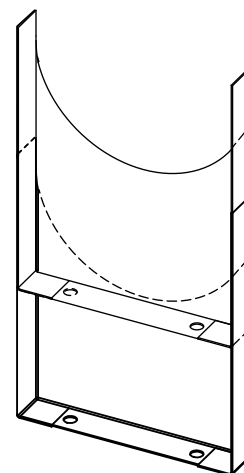

TKR is a clamp designed for installing round ducts on flat surfaces. The bracket has 9 mm mounting holes.

- Material: galvanized steel sheet (Z275) or acid-proof steel (AISI 316)
- Duct diameters 100-630 mm
- TKR 75 support height L=75 mm
- TKR 100 support height L=100 mm

The height can be adjusted by using two TKR wall clamps nested inside each other. Self-drilling screws must be used for fixing on both sides. The range for adjusting the support height L is 100-200 mm.

Nominal size d (mm)	A (mm)	F (mm)		Material thickness s (mm)	TKR 75	TKR 100
		TKR 75	TKR 100		Weight (kg)	Weight (kg)
80	85	163	188	1,0	0,09	0,11
100	105	173	198	1,0	0,1	0,12
125	130	185	210	1,0	0,12	0,15
160	165	203	228	1,0	0,15	0,18
200	205	223	248	1,0	0,25	0,29
250	255	248	273	1,2	0,3	0,35
315	320	280	305	1,2	0,39	0,46
400	405	323	348	1,2	0,5	0,59
500	505	373	398	1,2	0,65	0,76
630	635	438	463	1,2	0,875	1,02
