

EKT-T Duct

A straight ventilation duct with a reinforced wave profile. Standard lengths of these ducts are 1250 and 2000 mm. For connection the duct is provided with E30-profile at both ends.

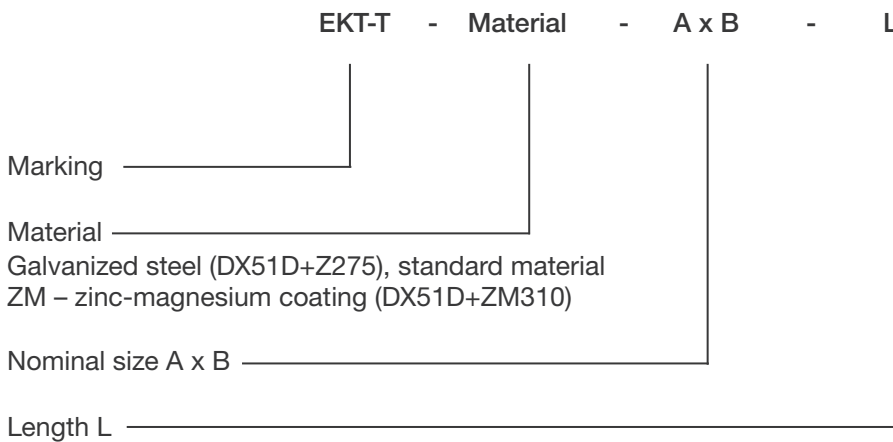

Reinforcements

- $a, b < 400$ and $400 \leq L \leq 2000$ without rod
- $a \geq 400$ and $L \geq 400$ reinforced with rods

Product codes

Example: EKT-T 600x400-1250
